

MIRELLA-PF and BARBARA-PF – Versatile lighting solutions

A comprehensive optical solution, both for LEDs with dome as well as for COBs. Apart from the universal PF-socket specific options are available for Bridgelux, Cree, Nichia, Osram etc. ensuring right positioning and optical performance. By utilizing different sub lenses Diffused and even colour-mixing can be achieved. Typical applications include track lights, MR16 downlights, decorative lighting and others. The concept of LEDiL's System Reflector philosophy – one design, limitless possibilities.
